

ISMET Ramadhan Fasting Chart

Dear Parents, As-Salamu Alaikum,
Although your child may not have reached the age where they are required to fast, many children enjoy and learn from fasting whether it's the entire month of Ramadhan, weekends only, or an occasional day.... even a ½ day for the very young child. We will be giving a certificate at the end of Ramadhan for the days your child fasted. Our goal is to encourage your child and include them in this special month.
